

Do You Well

Omarion

(Oh)
On that route (Way to you)
Y'all ready? (Ready)
Got it on smash

Ooh, you be callin' me when you're alone (Yeah)
You be callin' me, girl, when you all by yourself
Sendin' freaky pictures to my phone
Askin' me to come and do you well, yeah
Ain't no pressure, yeah, I'll embrace ya, yeah
I come over, shock it like a taser, yeah
Bend it forward, yeah, buss at no one, yeah
Girl, you know that I'ma do you well (Oh)

I been waitin' on it for the right time (Right time)
Hit me after midnight, that's the green light (Green light)
Ooh, you like it messy, girl, you're my type
Water's rising, slippin' and I slide in
Know you like it, dippin' then I dive in
Turn around and go and throw your back in it
Hope you splashin', I love the way you tapped in
Lights, camera, action (Yeah)

Cookie long, stay away (I do that)
Body sweet as lemonade (Oh woah)
You the baddest (Baddest), love your passion (Passion)
Like your reaction while we smashin', yeah

Ooh, you be callin' me when you're alone (Yeah)
You be callin' me, girl, when you all by yourself
Sendin' freaky pictures to my phone
Askin' me to come and do you well, yeah
Ain't no pressure, yeah, I'll embrace ya, yeah
I come over, shock it like a taser, yeah
Bend it forward, yeah, buss at no one, yeah
Girl, you know that I'ma do you well (Oh)

Girl, you know that I'ma do you well (Oh)
Know that I'ma do you (Ah, ah, ah, ah)
Girl, you know that I'ma do you well (Yeah)
Know that I'ma do you

Upgradin' my persona
Take away, you wanna
She a belladona
Butter black Madonna
Sip my mitochondria
Slob on that anaconda
Slow wine all up on me
No jelly in this polly
Hold up (Yeah)

Cookie long, stay away
Body sweet as lemonade (Oh woah)
You the baddest (Baddest), love your passion (Passion)
Like your reaction while we smashin', yeah
