Omarion

Ooh, ooh  
I could tell you my type, know that money can't buy you  
Ooh, ooh  
'Cause you know most of them ain't worth a dime  
Ooh, ooh  
Seeming like you been hurt, you just need someone to love you  
Ooh, ooh  
You'll be fine once I heal your heart and mind  
Oh, oh  
Let me show you elevation  
Oh, oh  
Let me show you elevation  
Let me show you  
Oh, oh  
Let me show you elevation  
Let me help you elevate

Heart broke, downfall  
Anything not to feel left out  
You're so damn cold  
But baby, you ain't even gotta stress now

No idea if you believe me, but I'm a different kind of man  
I'll make you a believer, I guarantee ya, to give you all I can, oh-oh

Ooh, ooh  
I could tell you my type, know that money can't buy you  
Ooh, ooh  
'Cause you know most of them ain't worth a dime  
Ooh, ooh  
Seeming like you been hurt, you just need someone to love you  
Ooh, ooh  
You'll be fine once I heal your heart and mind  
Oh, oh  
Let me show you elevation  
Oh, oh  
Let me show you elevation  
Let me show you  
Oh, oh  
Let me show you elevation  
Let me help you elevate

I'ma build you up, not the next guy  
Elevate your mind, body and soul, now that's real fly  
Girl, I'm on mission, gotta change your vision  
Watch how you be talking, manifest your living  
Yeah, here we go

No idea if you believe me, but I'm a different kind of man  
I'll make you a believer, I guarantee ya, to give you all I can, oh-oh

Ooh, ooh  
I could tell you my type, know that money can't buy you  
Ooh, ooh  
'Cause you know most of them ain't worth a dime  
Ooh, ooh  
Seeming like you been hurt, you just need someone to love you
