

# Fall In Love

Omariion

I just wanna tell you that...  
I did this for you girl  
I did this for you girl  
Now all I'm tryin to do is tell you exactly how I feel  
'Cause I ain't got time for lies baby  
No, I ain't got time for lies baby  
All I'm tryin to do is show you love  
'Cause that's how I feel  
It's always on my mind baby  
It's constantly on my mind lady.

How can we ([x2:]) how can we fall in love)  
Fall in love, fall in love, fall in love.  
Rescue me, need you to rescue me,  
Need you to rescue me ([x2:]) yeah)  
Fall in love, fall in love, fall in love.

Baby I wanna show you  
I can be everything you want me to be  
More and more and more  
I'm speechless when I'm around you girl  
Sleepless when I'm away from you  
And it's always on my mind baby  
It's constantly on my mind lady.

How can we ([x2:]) how can we fall in love)  
Fall in love, fall in love, fall in love.  
Rescue me, need you to rescue me,  
Need you to rescue me ([x2:]) yeah)  
Fall in love, fall in love, fall in love.

I'm trynna to find a honey different ways to turn you on  
I'm trynna do you right since ya' ex did you wrong  
I know you probably like  
I ain't fucking with this strap nigga  
But I know if I pipe you right  
You'll be fucking with this strap nigga  
And Plus I heard your ex-boyfriend was a fat nigga  
I ate that pussy so good you don't wanna get back with 'em,  
I'm trynna to show you a thug can do right  
And plus, those reb bottom pumps got you lookin' too nice  
Rescue you girl I want you yes, I really do  
You stuck up, cocky, conceited, and siddity to  
My type of chick and plus she all about her C notes  
Girl I'm trynna put my beef in yo' burrito.

How can we ([x2:]) how can we fall in love)  
Fall in love, fall in love, fall in love.  
Rescue me, need you to rescue me,  
Need you to rescue me ([x2:]) yeah)  
Fall in love, fall in love, fall in love.
