

## Get It On

Omarion

Million dollar deals I'm involved in  
Girls come and go them doors is revolving  
Baby, you fine like the wine in my cellar  
Now I got her wet, can't find a umbrella  
Ow, so fly, elevated  
Everything Louis Vuitton, Taylor made it  
In about a year you look hella good on me  
It's our anniversary, Tony Tony Tony, What else?

Ayye ayye, Ayye ayye  
We just got inside and now that shit is jumpin like  
Ayye ayye, Ayye ayye  
Feet all on the couch and now I'm sippin' something  
We on, we on, we on, we on  
If you got some pretty friends, we gon bring em all  
You know, you know, you know, you know  
This is how we get it on

Bet I can read your mind  
I hope you redesign  
All of that bullshit, that he put in your mind  
This is a lot of work, meet me in the middle  
Make it worth it baby, you know I'm so official  
Don't be dealin' with them scrubs tonight (tonight, tonight)  
Get with a boss, you need a thug in your life (yo life, yo life)

Real winners gon' throw the cash on yo ass  
I would like to put my autograph on yo ass  
Go deep till you feel it  
Every night I'mma kill it  
And cut it, no scissors  
Get familiar with the realest (ah)  
Them planes be chartered, I'm all over the web and I ain't Peter Parker  
Motion pictures, something to move ya body on  
The soundtrack be provided by Omarion

Ayye ayye, Ayye ayye  
We just got inside and now that shit is jumpin like  
Ayye ayye, Ayye ayye  
Feet all on the couch and now I'm sippin' something  
We on, We on, We on, We on  
If you got some pretty friends, we gon bring em all  
You know, you know, you know, you know  
This is how we get it on

(What else)  
Look, mama a fashion executive  
If she ain't Miss America then she her relative  
She kill em everyday  
Hatin' hoes, sheddin' tears  
And that new Ferrari automatically switch gears  
Why sell, endorse her  
Let her tell it  
Platinum in the very first week  
Let her sell it  
What her zodiac?  
Lil mama a cover girl

You wit the money team, we live in another world

Ayye ayye, Ayye ayye

We just got inside and now that shit is jumpin like

Ayye ayye, Ayye ayye

Feet all on the couch and now I'm sippin' something

We on, We on, We on, We on

If you got some pretty friends, we gon bring em all

You know, you know, you know, you know

This is how we get it on
