

# It's Whatever

Omarion

Matters is crazy, it's whatever, whatever  
All day yeah, it's whatever, whatever  
Oh, oh-ohh, oh, oh, oh, oh-ohhh, oh, oh, oh, oh

I've been only single four months  
I'm just tryna get my swag back  
Probably try to catch a few kids  
It's like I never let um ride back  
Torn apart, catch me, I'm on the run  
Told my BM she can have that  
Put that on my daughter and my son  
Every night I'm having flashbacks  
So it's probably wise that

So it's probably wise that you know that I'm on  
You don't cross the line  
Fuck your glass of wine  
It's whatever, whatever  
It's whatever, love you, it's whatever, whatever  
It's whatever, love you, it's whatever, whatever  
It's whatever, love you, it's whatever, whatever  
It's whatever, love you, it's whatever, whatever, it's whatever  
It's whatever, it's whatever-whatever, it's whatever

I musta did it to myself  
Look unfamiliar to myself  
You don't remember what you did  
I can do that all by myself  
I had to put this shit on record  
I'm probably better by myself  
I had to put this shit on record  
Just so you could get the message

So it's probably wise that you know that I'm on  
You don't cross the line  
Fuck your glass of wine  
It's whatever, whatever  
It's whatever, love you, it's whatever, whatever  
It's whatever, love you, it's whatever, whatever  
It's whatever, love you, it's whatever, whatever  
It's whatever, love you, it's whatever, whatever, it's whatever  
It's whatever, it's whatever-whatever, it's whatever

I musta did it to myself  
Look unfamiliar to myself  
You don't remember what you did  
I'm probably better by myself  
Whatever, whatever, whatever  
You like to talk bout forever  
Talk bout what's right for [?]  
So far can't turn back now  
I guess we found out no basic  
No, no  
No, baby

So usually around this time I'd drop a mixtape way back. You know and the truth of the matter is that I'm putting my soul into my next album. Make it a

true reflection of now and I can't wait for you to hear it so
