Cause soon as my tongue hit that pussy  
You know you be losin' your mind babe  
The moment that you give it to me  
You know you be screamin', it's my name  
So don't be playin' with a nigga girl  
You know how I am when I get off that liquor girl  
I been mixin' up the brown with the white  
So I'm on one tonight (Yeah)

So gone girl, let me know how you feel  
Don't want, nonthin' on but ya heels  
Come thru we can Netflix and Chill  
But we gon' be fuckin' tonight and you know it  
So what's good, what's the word, what's the deal  
Baby you know, yeah you know I'ma care  
I get you right everytime that's for real  
So do it for the thrill, do it for the thrill (Yeah)

When she come over and bust it open just for old time sake  
What would you do if I told you to come and sit it on my face  
(That's how I'm feelin' right now)  
Let's make it happen, don't hold back baby  
Go and make it nasty, go and make it
