

The Usual

Omarion

Why you wanna come back now? (Now)
Why you wanna come back now, love?
Is it because you're down, love
Or is it for the usual?
I can guess it
You want the sex'n
You look impressive
You a temptation
No, I won't taste it
I'm on new vibrations
So don't you try to come back now

Blowing up my line, girl, you gotta relax
Messing up my high, girl, you gotta relax
That's a nice try, now you throwing it back
No, I don't need that, no, I don't need that
Gotta keep it moving, stay away from the past
Hundred miles per hour, got my foot on the gas
'Cause we wasn't adding up, I'm too good with the math
So you can miss me with that
Yeah, yeah

Because I'm living too proper
Poppin' my collar
Worried 'bout no dollar
Call me big poppa
Yeah I'm still unbothered
Cool as waters
Bigger than tsunami
No one else can stop me
My melanin poppin'
Shawty like diamonds
If I'm being honest
This was all promised
Yeah, I'm still unbothered
Cool as waters
So don't you try to come back now

Why you wanna come back now? (Now)
Why you wanna come back now, love?
Is it because you're down, love
Or is it for the usual?
I can guess it
You want the sex'n
You look impressive
You a temptation
No, I won't taste it
I'm on new vibrations
So don't you try to come back now

Late night text
Why you talking nasty?
Girl, you know what's next
Yeah, I'm hitting delete
I don't need your stress
Don't need your energy
'Specially if you buzzed

Probably had too much
Yeah, yeah

Because I'm living too proper
Poppin' my collar
Worried 'bout no dollar
Call me big poppa
Yeah, I'm still unbothered
Cool as waters
Bigger than tsunami
No one else can stop me
My melanin poppin'
Shawty like diamonds
If I'm being honest
This was all promised
Yeah, I'm still unbothered
Cool as waters
So don't you try to come back now

Why you wanna come back now?
Why you wanna come back now, love?
Is it because you're down (Love)
Or is it for the usual?
