

Wasabi

Omarion

Hey shawty
You the life of the party
You my baby no Maury
Love it when you calling me "Papi"
Your body
Girl, you looking wasabi
Wanna drink on you like you sake
Girl, you know just how I like it

No, you're not typical
Girl, it's getting spiritual (Oh)
Body looking like a stallion
Skin's glowing like medallions
Underneath the sheets you a freak (You a freak)
Don't say a peep
Loving how we stay discreet
Vacations on a beach
Keep some sand under your feet
Ocean views in Cabo
Going loco on your taco

Girl you poppin' like this ace of spades
In your body is where I wanna lay
Oh, you know you got the sweetest taste
Greatest love, all time
You the GOAT, no lie

Yeah
Key in your ignition
Ride it like a masi (Maserati)
Girl you thicker than them girls that work at follies (Follies)
No ordinary love, you my little Sade
So come and give me some
Throw that body at me
Drip down in that dress
Diamond diamonds all on you
Shining, shining, oh yes
I'm trying to dip in your fondue
Ooh, you got the green light
Hit my line you can get it any time

Girl you poppin' like this ace of spades
In your body is where I wanna lay
Oh, you know you got the sweetest taste
Greatest love all time
You the GOAT, no lie
