

# Always Do

OMB Peezy

Ooh

(Drum Dummie made the beat and I'm gon' kill it)

That my dog right there

What he said? Uh, uh

Drum Dummie made the beat and I'm gon'—

And I'm gon' kill it like I always

In the trap, listenin' to Rod Wave

Be thinkin' like I always do

I was back to back, going to jail just for violations

Ain't even know how I violated, it's just the life that I'm used to

I'm just in the cut, chillin' like I always do (Like I always)

Probably hit the club with some bitches like I always do (Uh)

Ridin' in the car, this full of switches like I always do (Oh, yeah)

Just got a new bitch, feel like I always do (What I always, let her go)

She gon' wake up and call me again

(Fuckin' niggas' hoes made me not trust hoes, I swear to go)

If her nigga go through her phone, she gon' fake it and call me her friend

So my new bitch like, "Fuck a nigga," think they call this here FN

Gettin' money like I always do

Tell them niggas squeezin', "A hundred shots comin' back up there, shoot"

Spent his last on some weed, poppin' bars all in school

Gon' turn into a fiend like they always do

Uh, and she gon' hit the club like she always do, that's right

Tired of seein' people so I always move at night

Gotta keep your iron and watch yo' back when you be movin' through the street

I gotta speak my mind 'cause Drum Dummie made the beat

And I'm gon' kill it like I always

In the trap, listenin' to Rod Wave

Be thinkin' like I always do

I was back to back, going to jail just for violations

Ain't even know how I violated, it's just the life that I'm used to
