She gave me that pussy thinkin' it's gon' make her closer

.38 revolver sittin' on a dirty sofa

HoneyKomb knock on the door, like I ain't gon' let them fuck you over, B

I'm prayin' I can trust 'em, but I'm clutchin' either way

I'm at a bitch house, thinkin' with my dick, was tryna get it ate

Ayy, you gon' pay a pretty price just tryna get it ate

When it's some young niggas outside and they just tryna eat your face

I got my dick sucked anyway, had it bent up anyway

I'm a man, so I go where I want to like any day

I'm a man, so I gotta thank Komb for gettin' in the way

'Cause I was trippin' back then, I was ready to die like any day

With all the shit I seen, you'd think my head on, fuck no

Ridin' through the Bay with a whole truckload, got my truck low

You blink, they hand in your pocket, that's why it's fuck hoes

I won't do nothin' but fuck hoes and you can get the fuck on, yeah

Ain't got no love for me, can get the fuck on, huh

He in the corner quiet, he in crunch mode, nigga

You don't want that murder shit, then get the fuck on, nigga

'Cause that's the only thing we see when we around here (Yeah)

I'll flash out, get out my mind, you done seen it before

I don't even wanna give you this game, feel like you need it, though

Don't let niggas around you, that ain't your people, dog

Cut 'em off and only keep the ones you need around (Uh)

This the only thing we see when we around here

This the only thing we see, mm
