

Barely Lived

OMB Peezy

(Ayy, Enzo)

Done grabbed me one

Done grabbed me one

Flown through Cincinnati, they got some bad shit, tryna grab me
one

Thought that ho a gnat, she drivin pass soon as that ass get do

Ooh, no, I love to smoke, they don't wanna pass me nothin'

Uh, tell 'em you broke up and see how fast they run

Open your door, they bringin' baggage in

If you tell them stop it, they hurtin' your heart, you shouldn'
t ask again

Label me a crashout, just livin' the life I had to live

You a ho if you say no, but that's gon' come from people who ba
rely give

Want you to die for nothin', but it's comin' from people who ba

Want you to be there for them, but you ain't never is

I'm twenty-eight now and I feel like I'll never heal

The small shit count your gain to world and get killed in your
city

Fell to the ground, you don't want no pity, trust me, I know th

And crooked smiles can confuse me, trust me, I know who with me

But this shit not seein', you can't get me to leave

Flown through Cincinnati, they got some bad shit, tryna grab me
one

Thought that ho a gnat, she drivin pass soon as that ass get do
ne

Ooh, no, I love to smoke, they don't wanna pass me nothin'
