I be up, everybody wanna be in my face
Tryna get it, everybody wanna jump on my wave (My wave)
But I knew where with I had to stay with my weapon (My weapon)
'Cause these niggas wanna hate on my progression
Blessing, jus' gotta look at it like a blessing
If I wasn't flexin', they would haven't nothin' hate on (To hate on)

Run up on me like a don, get your face blown
You'ont smoke and he pissed that his K on
Money ain't a thing, young nigga gettin' cake now
Promise I'll give ya half the world if ya stay down
Greyhound, he just caught a body, now he ridin' on a Greyhound
He just caught a body, see it all in his face now
Couldn't stay solid, now he wakin' up with face gone

Who come through like me? Let's be honest
Look for something like me, you won't find it (Won't find it)
Say you found something better, I look like, "Whatever"
You had to be being sardonic
No, you messed with with lil' Peezy behind this (Behind this)
Won't let a fuck nigga see me shinin'
And I'm buyin' tears with my seat reclinin' (Reclinin')

These niggas sellin' out for a price, you can take my life, can't take my soul (Soul)
And I'ma be the same lil' nigga, you can take this ice, you can take these clothes (Designer)
And I gotta keep a gun on my reach, you can't take my life, ain't got no police
Nigga, I ain't finna fight if you ain't my bro
Living in the penthouse, man, I used to be broke
I can't change, I came from poverty
Hard to be keepin' your faith when you starvin' (Too hungry)
They threw me away but I climbed out the garbage, that boy is no regular artist (Artist)

Overkill, leave a nigga dead if he play 'round
Shh, do-do-do-do-do-do-do (Boom, boom)
Leave a nigga dead if he play
Walk up, shoot a nigga dead in the face
Get chalked up, no face, this a closed case
I can't move into a house with no gate
Gotta park underground now just to be safe
Got the drop, when you found out, it was too late
I ain't shootin' in the air so this slug's your way
And I, I can't go outside, know they ain't in the books for me
On the block, childhood got took from me (Got took)
But it ain't do me too bad as you can see
Nigga, fuck how you feel, speakin' truthfully
Cuzz waitin' on appeal, gettin' closer and closer
He nowhere near where he used to be
And I ain't missin' no meals, I got used to eatin'
Like damn, never thought it'd be this way (This way)
I'm playin' with so much paper (This paper)
I'm gettin' used to hate (Some haters)
I'm getting used to fake shit
I knew that you was a snake (A snake)
I knew that you wasn't by my side, you was just in my way (Way)
