

Fall Down

OMB Peezy

Goin' through some shit, I spit it, this can't be life (This can't be life,
can't be life, yeah)
Only time I feel at peace really only when I close my eyes (I close my eyes)
We all fall down (Mm, mm, mm), fall down (Mm)
We all fall down (Mm, mm, mm)
Yeah (Mm, mm), but we get back up again (Mm-hmm)

I done made it out that war, I still got scars on me (Mm, mm)
I can give the world my heart, they still be hard on me (Mm, mm)
Couple niggas still 'posed to be here, but they ain't make it through (Mm, m
m)
Unfortunately, some died from gunplay, tryna survive where people target me
(Mm, mm, mm, mm)
Ridin' with my gutter bitch, I'm loaded off them bars (Mm, mm, mm)
He say, "One of my biggest fears for you to OD in the car with me" (Mm, mm)
See your brother cool, that could be you, that shit retarded
But inside I know you hurtin', it's on your face, P, it ain't hard to see (M
m, mm, mm)
So you copin', it don't bother me, it's just the way you copin' (Mm, mm)
Drugs don't make it better, they only heal you for the moment (Mm, mm)
But everybody use your pain against you when you open up (Mm, mm)
But this cup, I never heard a secret that I ever told it (No, yeah)
Sittin' on my momma sofa, she keep askin' me am I hungry (Mm, mm)
Not at the moment, damn, hope she don't realize a nigga rollin' (Mm, mm)
My fam lookin' at me like a trophy, I be like, "Damn, hope I don't blow it"
All this fuck shit goin' on it make it hard to stay focused

I've been livin' with these dark clouds, dark clouds, yeah (Oh, oh, oh, oh,
yeah)
It's gon' be moments when you fall down (Down, down, down)
But we get up again

I been tryna let go of these vices, but my mind be so fucked up, they be ent
icin' and excitin'
To be honest, feel like every moment priceless, but I'm high at every moment
(Mm, mm)
Forgettin' all my memories, forgettin' all of the stories, wanna tell my son
when he get twenty-three (Mm, mm)
I don't want this shit to be the way my fam remember me (Mm, mm)
And every time I look in the mirror, can see the shit been killin' me (Mm, m
m)
Trying to help but I feel unaccepted so I'm finna leave
Judge me by my personal habits, give me some distance please (Mm, mm, mm)
Think they tryna judge but they really tryna get to me
Help a nigga out 'cause they can see I'm gettin' in too deep (Mm, mm, mm, mm
)
In a room, deep in my thoughts, I need to get some sleep
Pour some drinks so I can fall out (Mm, mm)

I've been livin' with these dark clouds, dark clouds, yeah (Oh, oh)
It's gon' be moments when you fall down (Down, down, down, oh)
But we get up again

Goin' through some shit, I spit it, this can't be life (Oh, no, no)
Only time I feel at peace really only when I close my eyes (Oh, oh)
We all fall down (Mm, mm, mm), fall down (Mm, mm)
We all fall down (Mm, mm, mm)

Yeah (Mm, mm), but we get back up again

I'm smarter than a fifth grader, I know drugs ain't the- (Don't call even if I fall down, {mm, mm})

Drugs ain't the best way to handle or cope with a situation you goin' through, you feel me (Down, {mm, mm})

You know, but everybody wanna feel alone sometimes, you know? (Down, yeah, I'm tryna link up when I'm-)

You know, so everybody who workin' through their way, workin' through their, you know, their habits, whatever vice you got, you feel me? (Don't call even if I fall down)

I'm with you, this song is for you, you already know what it is (Even when I fall down)

I'm always with you (Down)

{And we get back up again}
