OMB Peezy

(Drum Dummie made the beat and I'm gon' kill it)  
Ayy, look, look

You pull up spittin' out the window with that Glock, you must be stupid  
Grab that chopper out the bushes, you won't make it, it get ruthless  
I've been through a lot of shit but I can't let 'em see me sweat  
Oh, that lil' nigga talkin' crazy? We gon' pull up, make a mess  
Bitch, don't take that shit off, I'm tryna fuck you in your dress  
Pull up four deep with my partners, go, go, go next  
Everybody ran a train on your ho and I'm to blame  
On the low, we got them things  
I just hopped up off the plane  
Fuck a Glock, we got them choppers, shoot this block up if you want to  
In the club, I got a snub, but I ain't gon' use it, I'm gon' stomp you  
And your ho just told me she wanna throw it but she don't want to  
She love when I'm alone on the phone but I don't want to  
So what you gon' do?

(Ayy, yeah, yeah)  
I'm a thug (Ayy, yeah, yeah)  
I'm a thug (Ayy, yeah, yeah)  
I'm a thug (Ayy, yeah, yeah)

Look, they pull up spittin' out the window  
Want a blitz and he say tenfold  
I fuck with Visa, that's my kinfolk  
He just spittin', you better get low  
I'll stomp you out in these Timbos  
I'm ballin', should take the rim home  
Bitch, I want the whole pie, fuck a slice, ain't talkin' Kimbo  
I'm a soul taker, heart breaker, pray the lord save 'em  
And if you still wanna get your boy back, better pray your boy make it  
It ain't no backin' down, no white flags, we can go to war, baby  
Couldn't walk a mile in my shoes, I done ran some hard acres  
Ayy, I'm a risk taker, bigger the risk, the bigger the reward  
Make my lil' nigga blaze ya, or figure the risks or get your ass scored  
This shit get too deep, a wink of the eye will get your ass tortured  
In Atlanta high as fuck, I can't see, I'm singin', "Georgia"  
They wanna quit this shit when it get deep, we take it farther  
Caught a body, sixteen, I was a killer and a robber  
We just open QP's and smoke on pressure out in Florida  
Why would I stop now that I'm up? Bitch, you stupid, I'm goin' harder, yeah,  
yeah

I'm a thug (Ayy, yeah, yeah)  
I'm a thug (Ayy, yeah, yeah)
