

# In The Meantime

OMB Peezy

(Drum Dummie)

Yeah

This for the ones who been waiting

This for the ones who been waiting

(Mark is on his way, boy)

Yeah

In the meantime I'ma trap, this for the ones who been waiting

And I gotta keep my head right, can't let nobody play me

And I know that I done made mistakes, but I'm only human, yeah

That lil' nigga rap about that pain 'cause he been through it, yeah

He ain't lying

You can leave now

Baby, you ain't mine

Wanna go legal, but he trapping in the meantime

I done been down, I done lost everything at the same time

Tell me why we wrong and we wouldn't tote nothing there but sling iron

I'ma bang mine, you ain't gotta ask

Bitch tryna build a future, she don't know I'm 'bout to leave her in the past

I was broke, I was on my ass, now a nigga grinding, getting to the bag

Never caught ten, never caught twenty, fuck nigga, add it up and do the math

That's thirty

Ain't have a dollar, was doing me dirty

Now she want me for life like a murder

These Amiri jeans fly like a birdie

And when they see me, that be making 'em nervous

Biggest fear is me dying early

Full of lean in me, why I'm swerving (Skrirt)

This a Trackhawk, nigga, fat mover to make a nigga surrogate

On my own

I was grinding all night long

Cut 'em off, they ain't on what I'm on

And that boss shit in my bones

Can't stop 'cause I'm in my zone

Can't let a snake ho in my home

No, they won't find a nigga like me, they'll miss me when I'm gone

It's Peezy

In the meantime I'ma trap, this for the ones who been waiting

And I gotta keep my head right, can't let nobody play me

And I know that I done made mistakes, but I'm only human, yeah

That lil' nigga rap about that pain 'cause he been through it, yeah

He ain't lying

You can leave now

Baby, you ain't mine

Wanna go legal, but he trapping in the meantime

I done been down, I done lost everything at the same time

Tell me why we wrong and we wouldn't tote nothing there but sling iron

Look, she ain't mine, I know

Been through too much, never would I put a ho before my bro

Took my turn with it, had to learn that I can't waste it up on no ho

And I done been backstabbed, but I ain't tripping, that's something to teach my son when I'm older

Don't trust nobody

Your bro probably  
Tell on you after y'all go sliding  
Your ho probably  
Fuck your dog, better find you a ho with some real low mileage  
Won't find nobody like me, you can search the world  
Really wanna learn how to love, so I wanna have a lil' girl  
In the meantime, thugging there, bitch, I run the crowd  
Don't tell my business 'cause they run they mouth  
Really been through it, so ain't running out of words, all I gotta do is talk  
Told my new bitch that I ain't pulling out, we might have a baby  
Uh, told 'em I'd be a boss, they would look at me crazy, it's Peezy

In the meantime I'ma trap, this for the ones who been waiting  
And I gotta keep my head right, can't let nobody play me  
And I know that I done made mistakes, but I'm only human, yeah  
That lil' nigga rap about that pain 'cause he been through it, yeah  
He ain't lying  
You can leave now  
Baby, you ain't mine  
Wanna go legal, but he trapping in the meantime  
I done been down, I done lost everything at the same time  
Tell me why we wrong and we wouldn't tote nothing there but sling iron

In the meantime, in the meantime  
In the meantime, yeah, this that meantime  
In The Meantime 2, this that meantime  
In the meantime, in the meantime  
Uh, In The Meantime 2  
In the meantime  
Yeah, in the meantime  
In the meantime  
In The Meantime 2
