

## Interracial Relations

OMB Peezy

I'm having interracial relations with this motherfuckin' white  
You play me like I'm pussy, take your motherfuckin' life  
Am I a shooter, keep a Ruger, bitch you motherfuckin' right  
I keep a ruler like a tutor, I don't motherfuckin' fight  
Cuz threw me a sack, now I'm posted with the dope for niggas  
I be outchea trappin', niggas rappin', think I know some magic  
Make you disappear, then I brought a bird out my hat  
Bird chill with all that swervin', got some birds up in the bac  
k

Pray to God, they try to jack, I'm ready to watch a nigga die  
Walk you down, take off this mask, and look you dead in your ey  
e

Niggas know I keep that fire, that fire keep a nigga safe  
I'm so in love with homicide, that iron will eat a nigga's face  
I'll eat a nigga's plate, this shit for real  
Even when a nigga full I'm still lurking for a meal  
You niggas asking for a deal, I'm spitting what I live  
A nigga's spinal cord hurtin' 'cause I been jiggin' off them pi  
lls, damn

Need to take a breather, best believe I'm squeezing if I peep 'em

To the neck up with my people, people say I'm evil  
When I see 'em it's gon' be Katrina, better call FEMA  
Getting big head like Gina, Glock-34 in the beamer  
Cleaner than a whistle, you and your niggas softer than tissue  
It's over, watch when I get you, slide and clockin' my victim  
Loaded, cockin' my pistol, ain't no cop in my mirror  
So I poke around the corner, hop out, and drop me a nigga  
Hot then I got the pistol, I tote the chopper in the winter  
It's a draco in my hoodie, by now you should get the picture  
If you fight then get your ass beat, you still my nigga  
But if you scared of them hands and get to runnin', I ain't wit  
h ya, ayy

One phone call, my shooters shooting for sure  
I ain't fucking with your kind, your shooters shooting for hoes  
Bitch it's Overkill Peezy, Peezy keep that infrared  
I give him one shot to the head, he dead before he hit the floo  
r

Yeah here go two more  
Only my shotter niggas gon' feel me  
Damn, you only can ride with me if you with it  
If I ain't on the block then I'll probably be with some bitches  
And one of 'em got a nigga and Peezy waitin' for business
