Mm, ooh, woah

Ooh, woah

Babe, I see you workin' hard, wanna let you know I'm proud, let you know that I admire what you doin'
But I'm in love with my pistol, feel like my life would be purposeless without my tool
Mm, if I can have it, then I got to grab it, pullin' up fleet, ten cars to Magic (Mm)
She ain't no eater, my broad the baddest, ass the fattest, look like she sittin' on a wagon

Mm, I ain't playin' the real one, then why they ain't lastin'? (Psh, what?)
The police behind me, I'm swervin', I'm hopin' they pass me (Skrrt)
Oh (Oh), how could you hate that I'm shinin'? That's why I be laughin',

Come from ten folks on the mattress, now I'm in mansions
They tried to cancel me, now I got the whole club dancin', whole club rockin'
I just picked up a backend and walked out with a roll in my pocket
Your ho out of pocket, I'm just tellin' you now, if she wanna go, you can't stop it (Mm, ayy)
It's been seven years, I'm a loyal nigga, still got the same accountant
When I hit the club, bitches tryna drown me, they be rappin' murder 'cause it sound good
They be rappin' murder 'cause it sound player, niggas ho, so I don't go around 'em
Mm, niggas duck, so I don't even hang with them, they'll have you locked tryna get a ICAP
I'm in trouble now, feel like Wyclef, this the love my granny told me 'bout
If you my bitch, we makin' love in the club, bet I make you cum before these folks leave out

Babe, I see you workin' hard, wanna let you know I'm proud, let you know that I admire what you doin'

You can cater to me, but is it genuine love?
Any time you get mad, know you gon' bring it back up
My doggy told me she wasn't for me, but I had to see who she was
I know she love me, she was cryin' tears when they had put me in cuffs

Uh, know I'm livin' rough, I come out the racket
Another deal, a couple million dollars up, another deal, a couple mil
lion dollar conference
Smilin' on the Zoom call
Still dirty, bitch, I came up out the mud
Swear you turned gangster when you come up on the money
He turned around when I hit him in the stomach
Tried to run, but the nigga doin' lunges
I'm sippin' on Quagen, I done made it, I feel amazing
Nut on her face, she gon' wipe it off and taste it, that's my baby
Too loaded, I can't see right now, I'm jaded, baby
Didn't mean to tell you that you amazing and you gotta know that I
