OMB Peezy

Show you how to bag that shit up, this a triple beam
Had to turn you up from Gucci now this is Musianne
Now it's Lambo, Urus, when you leave the scene
You goals to them hoes, to me you a queen
They asked me what I did, I gave you everything
Put you on the game, yeah the better thing
Big rocks, little ears, she got seven chains on
My time is a present, baby, I ain't stayin' long

Know you got a nigga, but you mine too
Fine ass bitch I might sign you (I might sign you)
Make me so proud of you (Make me so proud)
Know you got a nigga, but you mine too (Make me so proud)
Fine ass bitch I might sign you (I might sign you)
And slut you out in public if that's fine with you (Fine with you)
