OMB Peezy

I dedicate this song to my grandma  
The one that's still alive Ms. Lois House

You know that I'ma throw it down down  
Cross me over I wouldn't go there  
.44 and Calico's at Ms. Lois house

.44 and some cocaine  
Its the dope game may have to pay attention  
Beast in the kitchen whippin' whole thing  
Tim on the phone, he in the penitentiary  
Nigga gave the people my whole name  
And my rap name I know niggas snitchin'  
On the wrong road till the rap came  
With my strap game, I was never missing  
When you in the game, you better learn something  
You don't know shit then you will never make it  
Driving in the rain, trying to burn something  
I'ma score something tore them niggas take me  
I was throwing dice, livin' in the trap  
Now if s kinda crazy that a nigga made It  
Grandma Lois house been trapped out  
I make sure she good, 'cause that's my baby

You know that I'ma throw it down down  
We keep them poles at Ms. Lois house  
Glocks and hammer no kool aid jam a nigga  
Don't make me have to show y'all

You know that I'ma throw it down down  
Cross me over I wouldn't go there  
.44 and Calico's at Ms. Lois house

Aye, they just might run yo hoe at Ms. Lois house  
Aye, we over open stove at Ms. Lois house  
When I was a little one  
I pray and I hope for a better day  
When I was a little one  
I seen the right road and I took the other day  
Look down at the paper, I thought it was a typo  
When I caught a felony

I can't go home and I ain't got no bail  
What the fuck are you telling me  
Me and lil' clip playing with them poles only in elementary  
We got a bullet stuck in that pole, no we ain't telling Timothy  
Say I'd regret it when I get old but ain't never listen  
Bitch if its up there then its stuck there lurking with extensions

You know that I'ma throw it down down  
Cross me over I wouldn't go there  
.44 and Calico's at Ms. Lois house
