

Never Change

OMB Peezy

Ayy (Grr, grr)
Look

Ain't never had one, find them, they want her with me
Scrapped up ride, get on, sign me if you wanna see (Grrr)
I been thuggin' from start, a nigga gon' never change (Look)
Why? The street stole my heart, I got used to the pain
I can't change my name
Give a fuck about fame, give a fuck about the game
And I'ma still shine regardless, give a fuck about the chain
Still sippin' on drink, what the fuck do you think?

Yeah, overkill, I've been a minute (A minute)
I'ma spend it if I got it, thirty thousand at the dinner
No need to dig all the bank, she heard them racks, I got plenty
And on my gang, I'ma be the same, even when the earth stops spinnin'
Like, what you talking 'bout?
I know he pussy, everybody quiet, he the one talkin' loud
Your mind closin', can't open it, all on top, we out
You up in Benz, ain't talkin' bands, gotta think off the wall
Gotta make a plan and stick to it, even when you got the ball
Yeah, she gon' rush and eat that dick like she been waitin' on it
They so low but if they ain't eat, that shit be faked on it
I'ma get my whole family rich, told 'em, "Just wait on it"
I kept goin' when they stopped, they hit their brakes on me

Ain't never had one, find them, they want her with me
Scrapped up ride, get on, sign me if you wanna see (Grrr)

Still sippin' on drink, what the fuck do you think?

Yeah
Still sippin' on drink, no, I ain't slowed up yet (I ain't slowed up yet)
It's hard to have a good day if I ain't poured up yet (If I ain't sippin')
Ain't no question, I'm dyin' if it's 'bout respect (You know I'm dyin')
You'll die about this shit that go around my neck (You know you dyin', nigga
)
Protectin' the brand at all cost (For real)
Know a nigga self-made, no way I can fall away (Ain't no way)
I'm stickin' to the ground (Uh-huh)
I seen niggas lose their composure soon as they shine (Yeah)
Niggas do it all the time (For real)
Down to shoot it out with any of you niggas but not online (No)
Been in real situations (Yeah), we done did real crime (What else?)
Know my résumé flawless when it come to that business (Flawless)
Half a million on right in the trenches, tell them niggas come get me

Ain't never had one, find them, they want her with me
Scrapped up ride, get on, sign me if you wanna see (Grrr)
I been thuggin' from start, a nigga gon' never change (Look)
