I bought her a new bag to hold my flame in  
You the same nigga on that creep shit  
My gang the same niggas its OMB shit  
It was close range don't know how he missed  
You a scared nigga someone I can't beef with

Won't let them rap on me  
Walk down step on them type shit  
Running up a check on them  
They hate it when I flex on them like this
