I was in love but ain't feel like you love me, I ain't have a reason to say
Uh, know whenever you call, I'll be on my way
How you get a controller? I been feelin' played

Uh, thought I said I was gon' leave the bitch alone, okay, I did, huh
Thought I said I was gon' leave the bitch alone, but this my shit, uh
Thought I said I was gon' leave the bitch alone, okay, alright
Ooh, but fuck it, baby, one last night (Uh)

You lied, it wasn't no surprise
I know you deceitful, it's dead in your eyes
I feel like Plies, can we fuck one more time?
No need to argue, just climb up and ride
You wanna fuck too, bae, you can't even hide
Your friend's in the room, so we tryna be quiet
Keep it down, gotta cover your mouth (Oh)
Tell me you love me, but, oh, you lyin', I still feel it somehow (Uh)
That ain't my game, go get a cube, you tryna figure me out
Life like a Rubik's Cube, you gotta figure it out
But take it for a game, then you won't figure it out

Uh, thought I said I was gon' leave the bitch alone, okay, I did, huh
Thought I said I was gon' leave the bitch alone, but this my shit, uh
Thought I said I was gon' leave the bitch alone, okay, alright
Ooh, but fuck it, baby, one last night
Uh, thought I said I was gon' leave the bitch alone, okay, I did, huh
Thought I said I was gon' leave the bitch alone, but this my shit, uh
Thought I said I was gon' leave the bitch alone, okay, alright
