

# One Me

OMB Peezy

Helluva made this beat, baby  
Look

One me, three bitches  
Too much smoke up in the room, fuckin' up my vision  
Think 'bout takin' somethin' off, hey, them niggas wigglin'  
Teach 'em how to tie they shoes, heard them niggas trippin'  
Loose talkin' on the phone, I'ma think he snitchin'  
Can't be on my line hollerin' 'bout illegal business  
You could always find some cookies in my grandma's kitchen  
Got a freaky bitch in Houston, saved her under "Whitney"  
I might step down and fuck her if she willing  
Grew up around it so I ride with extension  
Used to tell me stay out grown folks' business  
I might stop talking but I'ma still listen  
Rob who? Bitch, I keep a thirty on my waistline  
Fuck basketball, cross me over, then they dyin'  
Bitch, I'm taking everything but I'm takin' my time  
Run in a nigga house quick if he play with a dime

Two of y'all, that ain't enough  
Better get some more niggas, that chopper eat a nigga's guts  
Ayy, I'ma show niggas retaliation is a must  
Done seen some shit up in these streets, don't know who I can trust

One me, five choppers  
And I'ma shoot all them bitches, on my mama, ayy  
Ammunition on my niggas, fuck a problem, ayy  
Pop a nigga like a pen, pop his collar, ayy  
Or pour some liquor on them bitches, dick all on her tongue  
Huh, clip out on your son, trip you if you run  
Ben Simmons with this pump, get a triple doub'  
My crippled nigga, he a blood, still'll get it done  
Gang gang like a band, sticks and the drums  
Instruments in the club, pullin' strings for fun  
My tall nigga swing on you, Brandon Ingram, ayy  
I'm trappin' on the flip phone out in England, ayy  
Me, Juan, Twan, Owen, B-Beezy, ayy  
Pull up, serve your ass wherever you need it, ayy  
Try to run off with the work, we squeezin', ayy  
Got the straps, on gang, we keep it, ayy, huh

Two of y'all, that ain't enough  
Better get some more niggas, that chopper eat a nigga's guts  
Ayy, I'ma show niggas retaliation is a must  
Done seen some shit up in these streets, don't know who I can trust
