OMB Peezy

(DJ Shab, fool)

Uh, I'm goin' through some pain (Hot 1 on the beat)  
(My nigga Two4 the GOAT, these other niggas basic)

Look, I was goin' through pain (Pain), on the ground, on the floor, sometime  
s I feel like they don't love me no more (Love me)  
And they said a nigga changed (Changed), but we all gotta grow, pour up my c  
up, I hope I drown in that four  
Look, no, I never changed in the weather, no way out, gotta do better, say,  
I never seen you act like this (Nah)  
I'm through with all the pain and the struggle and I'm sayin' that, lil' nig  
ga no, they never knew my brain was like this (Brain was like this)  
'Cause I was on the floor so long (So long), it got kinda hard to hold on (O  
n)  
And know you gotta watch your friends and your old homies (And your old homi  
es)  
Thought he was his closest friend but he told on him, yeah

Look, I feel like I'm been better off dead, 'til I had my baby, I was scared  
They sent me to probation, crackers all was on my head, tryna send me out of  
state so they can cut a nigga's dreads  
Look, tryna leave the streets, feel like I'm scared, but every time I turn a  
round, they want my head (What?)  
And everyday some new nigga want my head gone, smokin' on some purp', clutch  
in' that pistol while I'm headin' home  
And it feel like I'm better off high, make it easier to express my mind  
Look, and every state I lived in, you know I slipped, bitch, go to court, gu  
ilty as fucked, playin' like I'm innocent  
Look, I think they don't love me no more when I took care of them niggas lik  
e a chore  
A nigga cross you in the streets, you gotta treat it like a war, but when th  
ey cross you in the industry, you gotta go harder, yeah  
And right now, I'm so high, I can't think, I got my eyes on the prize, I won  
't blink  
I been blinkin', every day I'm doin' tattoo sessions 'cause all the other pa  
in I feel don't phase me  
I just wanna feel somethin' that's real, I'm so tired of me hurtin' 'bout al  
l that fake shit  
Back then, they ain't want me standin' next to them, now they get too close  
to me, they on the waitin' list

Look, I was goin' through pain (Pain), on the ground, on the floor, sometime  
s I feel like they don't love me no more (Love me)  
And they said a nigga changed (Changed), but we all gotta grow, pour up my c  
up, I hope I drown in that four  
Look, no, I never changed in the weather, no way out, gotta do better, say,

And know that I was on the floor for so long, it be kinda hard to shake back  
When I did, I bought a Benz with straight cash, everybody stressin' me to pa

y taxes

Look, but I'm a young nigga, stealin' shit for fun, nigga, everybody come with us 'til you broke, you out of funds, nigga  
Lil' brother at the movies, on the run, know he a dumb nigga, I be tellin' him to chill, but he don't listen, he a young nigga  
Wonder who gon' try me? Face shot, no ID  
If it weren't for my fans, then tell me where would I be?  
And if it weren't for that hammer that night, then would I be deceased?  
Hell nah, that not me, that's not me, yeah, yeah  
I was walkin' in school with Visine (Yeah, yeah), forgot I had it on me, I was hidin' weed (Yeah, yeah)  
And you gotta know I never leave my team (Yeah, yeah), a couple years ago, this shit was just a dream (Yeah, yeah)

Look, I was goin' through pain, on the ground, on the floor, sometimes I feel like they don't love me no more  
And they said a nigga changed, but we all gotta grow, pour up my cup, I hope I drown in that four
