

# When I Was Down

OMB Peezy

You ain't fuckin' with a nigga like I'm fuckin with you  
I'll take a life or give my life cause you, my fuckin' nigga  
Can't find nobody realer, see fake in a lot of niggas  
I'll take your head off before I become somebody victim  
But fuck your enemies you better watch your nigga  
Cause money and greed will change the silent nigga  
And when the money leave nobody rockin' with you  
Cause wherever the money go people gon follow nigga  
Instead of being real niggas will fuck you over  
Fuck me over I'll be in your kitchen with that fuckin' toaster  
Let my seat back to the neck blowin' doja  
These niggas hoes bruh I ain't duckin' nothing but the roller  
Where was you when Lil Peezy was sleeping on the sofa  
Where was you when I was robbin just to get my dough up  
When a nigga getting cheese then these hoes show up  
Tryna ride a nigga wave and pray a nigga blow up

When I was down ain't nobody come around  
Now I'm up, they all in a nigga face  
Back then I ain't see that shit  
I ain't see it cause my heart was in a nigga way  
But you don't really fuck with me, fuck with me  
Like I fuck with you  
You don't really fuck with me, fuck with me  
Like I fuck with you

Fuck love, without loyalty  
I can't love you a nigga can watch you starve while he eatin' that ain't yo  
brother  
Is you down or is you just a pussy nigga undercover  
Made men don't make statements you tellin' you got smothered  
When I was down they let a nigga suffer  
Now me and my dawgs eating all these bitches wanna fuck us  
What the fuck is a server you niggas switchin' on each other  
Can't fuck with these bitches, they wanna fuck without a rubber  
Tryna keep my feet clean they wanna push me in a puddle  
Smoke purple chasin' green I don't know no other color  
Ain't nobody teach me shit I taught myself how to make it double  
Ain't see nobody face when I was thuggin' in that jungle, for real  
I got a lot of niggas hatin' I ain't worried 'bout em  
Cause when I'm in they section I don't hear a word out em  
And I keep mine on me so where's yours partna  
And I keep mine on me so where's yours partna

When I was down ain't nobody come around  
Now I'm up, they all in a nigga face  
Back then I ain't see that shit  
I ain't see it cause my heart was in a nigga way  
But you don't really fuck with me, fuck with me  
Like I fuck with you  
You don't really fuck with me, fuck with me  
Like I fuck with you
