Robot Man

OMD

Robot Man, Robot Man, Robot Man
Got me running as fast as I can
In the head you're the perfect machine
There's a hole where your heart should have been

Robot Man, Robot Man, Robot Man
Got me running as fast as I can
In the head you're the perfect machine
There's a hole where your heart should have been

Well I used to wish I was enough
'Cause I gave you love and all of that stuff
But I'm sick and tired of crying
Faking, cheating, lying
Pretending my heart was so tough

Robot Man, Robot Man, Robot Man
Got me running as fast as I can
In the head you're the perfect machine
There's a hole where your heart should have been

And I used to wish that this was the end
'Cause I couldn't bear to be without friends
But refusing all assistance, keep them at a distance
People only get the message that you send

Robot Man, Robot Man, Robot Man
Got me running as fast as I can
In the head you're the perfect machine
There's a hole where your heart should have been

Robot Man, Robot Man, Robot Man
Got me running as fast as I can
In the head you're the perfect machine
There's a hole where your heart should have been

Robot Man, Robot Man, Robot Man
Got me running as fast as I can
In the head you're the perfect machine
There's a hole where your heart should have been
