Oh!? It's real?
Well... just come on in
Hey ready go
Do you feel it?
That's it! that's it!
You know this is the vibe
Do you feel it?
Come on! come on in, come on in

You got the heavenly
Voice and tone
And the lips, what a drip
You got my taste
Like a "Frappuccino"
We can be the lord
And lady tonight

What!? what!? what!? what!?
What I got and what I spent
You lit on n off to spin me, ain't it
I wanna venus-bee all time yeah
I wanna wish to
Get it done tonight
