

You, Again

OMEGA X

Smiling like a ray of sun
Makes me feel so warm inside now
I don't know why I keep thinking of you
Here I am, oh-oh
Tried to leave it all behind
Bits and pieces of our memories
Deep inside my heart you're waking up
I can feel it on this day

It's that time of year again
But where are you I'm so lost
Why am I left behind
I still see you here
All the memories they were beautiful
It dwells in me clearly
I remember just like yesterday
I can feel you right here
Can't let go of anything that you gave me
As if you are with me as ever to this day

Would it be greedy of me
If I wanted you back by my side
Even though I know I don't deserve your love
I really wished, ha-ah-ah

It's that time of year again
But where are you I'm so lost
Why am I left behind
I still see you here
I can't help it but long for you all my life
I need you back

I know I took it for granted
I'd do anything to tell you how I miss you
Is it just me or you feel the same
Times are gone
But I'm still waiting for you after all this time

Take it back to when we shared the love
It's that time of year
But you're gone so gone
I still see you here
All the memories they were beautiful
It dwells in me clearly
I remember just like yesterday
I can feel you right here
Can't let go of anything that you gave me
As if you are with me as ever to this day
