

Cry Havoc

Omen

Yeah!

Hiding like wolves in the guise of the sheep
Stalking us like prey while we lie in our sleep
Silently they tread by the cloak of the night
Will they surprise us into fight

Alarm, they batter the gates
Alarm, our lives are at stake
Alarm, upon us they tread
Alarm, make haste or be dead

Cry havoc and release the hound of war
Cry havoc, battle on forevermore
Cry havoc as enemies attack
Cry havoc, cry havoc

Time is night, take up arms to defend
By dawn we carry on until the bitter end
One by one warriors fall, battle takes its toll
We now stand to take back control

Alarm, they batter the gates
Alarm, our lives are at stake
Alarm, upon us they tread
Alarm, make haste or be dead

Cry havoc and release the bound of war
Cry havoc, battle on forevermore
Cry havoc as enemies attack
Cry havoc, cry havoc
