

Numb

Omen

See the same cats in the shop
Every day passing me by
Ask for a little change while they smirk and they just left from the side
Y'all don't start me crying, god will you stop replying
Cause the soon as we exit, [?] started dying
So it's like one big joke,
With the [?] hope, with the gesture [?]
She will see that [?] with a spotlight on d
Walked in late to the show, when I'm stuck with the front row seat
Use money just to get high, use money just to get drunk
Know it seems that way, but really use money just to get numb
From the pain across the game
The lost, the drain, the cost, the gain
Of this, life often dismissed
It's nothing more than a crumb
Lord this life is no fun
Cause I am just a bum
Forever shun, [?] to over and over
Just a crumb, a bum

See me lost and I'm starving
See me [?] the garbage
Free me [?]
Not get [?] angry word
Cops on the block better lock [?] scream
But I can't be heard, so I just cry inside
Might as well climb the sky
Cause I die every winter time when the [?]
All I got left is fate, all I got left is hate
All I got left is say [?]
Let me please explain
Please don't roll your eyes, please don't walk on by
Cause you know it's a bum,
Why is this world so numb?
From the pain across the game
The lost, the drain, the cost, the gain
Of this, life often dismissed
It's nothing more than a crumb
Lord this life is no fun
Cause I am just a bum
Forever shun, [?] to over and over
Just a crumb, a bum

I've dreamed what it's like to dream, dream, dream
I've been [?] a life but it's not to me, me, me
I thought life was my most cherished thing,
Nur now I see life gave up on me
Now I seek revenge

[?] feeders never shelters for cynicism
No amount of morphine, no count on penicillin
Could heal him, cause this feeling I'm feeling
It's feeling like I'm beat up with venom
I'm filled with [?] intentions too much
Everything that I've believed, everything that I've conceived
It's the truth, memories' been [?] and [?] from my youth
I don't blink, I don't think

I just bleed through the juice
Of my drank, confused [?]
As I walk to the sky, life never respond,
So get [?] reply, life never responds, so get [?] reply
I bet you get [?] reply, life never responds [?]
And tell me why try
I bet you get [?] reply, life never responds [?]
And tell me why try
I bet you get [?] reply, life never responds [?]
And tell me why try
I bet you get [?] reply, life never responds [?]
And tell me why try, yeah, yaeh, yeah,
Numb, yeah
I'm feeling numb, just like a crumb, just like a bum
I'm feeling numb
I'm feeling numb, just like a crumb, just like a bum
I'm feeling numb.
