

## Because There Isn't a Right Answer

OmenXIII

I'm not going anywhere unless you tell me to  
I wanna be right here so I can comfort you  
I'm in the shadows, all alone, I'm on my own  
I keep trying to tell myself that's how I'm better off  
But if loving you ain't right then I guess that I'll just be wrong  
You can stand up on your own but I'll pick you up if you fall

Why am I always wrong? Why am I always wrong?  
Why am I always wrong? Why am I always wrong?
