

Boogeyman

OmenXIII

Boogeyman, that boogeyman
It's that boogeyman, that boogeyman
That boogeyman, that boogeyman
It's that boogeyman, that boogeyman

It's that boogeyman (It's that boogeyman)
That boogeyman (It's that boogeyman)
It's that boogeyman (It's that boogeyman)
That boogeyman (It's that boogeyman)
That boogeyman (That boogeyman)
That boogeyman (That boogeyman)
It's that boogeyman (It's that boogeyman)
That boogeyman (That boogeyman)

Feel the wind when it chills but you'll never see me come through
All black camo in the night, what you gon' do?
I've been steady on the road
Whoever wanna see me in the flesh better make moves
Live your fucking life, better choose 'cause I cannot control you
Come on, pussy boy, what you gon' do?
I've been killing the fucking game like I'm supposed to
When the reaper turn around with that blade, what you gon' do bitch?

It's that boogeyman (It's that boogeyman)
That boogeyman (It's that boogeyman)
It's that boogeyman (It's that boogeyman)
That boogeyman (It's that boogeyman)
That boogeyman (That boogeyman)
That boogeyman (That boogeyman)
It's that boogeyman (It's that boogeyman)
That boogeyman (That boogeyman)

It's that...
