

Breed

OmenXIII

Coming up out the dirt, ready to take your life
I don't even got my shirt, all I really need is my knife
Pulling up with my gang, ready to kill the gang
We really are not the same, we really don't fuck with lames
We don't really fuck with you, we be something new
It's the new breed, we the new thing, this a new scene
Water like I'm Bruce Lee, Rossi 'cause I'm broke as fuck
So fuck you if you say you getting money and you broke as fuck
Money in my PayPal so now I can sleep more comfortably
But that shit ain't important, it don't mean a fucking thing to
me
I just need to fucking eat, I just need to fucking move
I don't care how you see me 'cause I do what I gotta do
