

I don't wanna see your face
I don't wanna hear your name
I don't wanna chase your fame
I don't wanna play that game
OmenXIII don't give a fuck
If you press on me you better press your luck
I've tried to move on and I've tried to say gone
But they won't leave me be so I'll pree 'till I'm gone

I will pree 'till I'm gone
They want to see me fall I will carry on
I will pree 'till I'm gone
I know what you want I will not be your pawn
I will pree 'till I'm gone
Even if I'm left alone in the dark
I will pree 'till I'm gone

This is your life
What will you make of it
When you find misfortune
What will you take from it
When you feel pain
Will you ever break from it
Will you obstain
Or will you keep finding yourself in the same place
Always diggin up the same graves
Always fucking with the same lames
Always fucking up the same way
Same game
Ain't changed
OmenXIII did the same thang
OmenXIII want the same change
OmenXIII felt the same pain
Same rage
Same pride
We on the same page but we live different lives
We face the same death but we face different kinds
A piece of my mind just for some peace of mind
There's no peace of mind but I gotta keep trying
If you wanna die then I'll just let you die
Cause as long as I'm living I'm gonna keep fighting
These boys make no noise but I'm bringing the thunder like I was some lightning

I will pree 'till I'm gone
They want to see me fall I will carry on
I will pree 'till I'm gone
I know what you want I will not be your pawn
I will pree 'till I'm gone
Even if I'm left alone in the dark
I will pree 'till I'm gone
