

And looking at young people involved in the occult, do you see any particular type of dress?

I have personally observed people wearing black fingernails, having their hair painted black

Wearing black t-shirts, sometimes they will tattoo themselves

Jessie likes to wear black most of the times

You like to wear black all the time, were you different in other always as well?

Yes, I've never had a lot of the same interests that other people have like sports, things like that, I've never been into anything like that
