

Do You Like Me Now

OmenXIII

Nothing making sense
Can't remember, can't forget
I thought I needed something real
I'm obsessed with something else

Hoped that you could understand
Regret the words, not how I felt
Do you think you like me now?
'Cause sometimes I don't like myself

Do you like me now?
Do you like me now?
Do you like me now?
Do you like me now?

I can't forget what I've been through
That's why I don't forgive no more
I accept I make mistakes
Now I don't feel the fear no more
Don't hold grudges I let go
'Cause I don't want control no more
And I get high to get away
Just so I don't feel low no more

I didn't try to make this hard
It's not my fault
There's no way in, there's no way out
It's a mirage
I'm on the edge, don't wanna talk
I wanna fall
Like Lucifer I don't belong
Above the stars

How can you touch my fuckin' heart and walk away from that
You keep tapping on the glass but you don't understand

Should I be just like you
I could be just like you
I wish I was like you
And I don't even like you

Nothing making sense
Can't remember, can't forget
I thought I needed something real
I'm obsessed with something else

Hoped that you could understand
Regret the words, not how I felt
Do you think you like me now?
'Cause sometimes I don't like myself

What do you mean when you say picture-perfect?
You mean the filters that we use on our face?
And then you wonder why I don't trust nobody
When everybody starts from a false place
So sick of feeling low, and all alone
I try my best to keep it down, just let it go

But sometimes I just can't face it
Sometimes I wanna break down
So please don't look up to me
'Cause I will only let you down

So do you like me now?
Do you like me now?
Do you like me now?
Do you like me now?

Nothing making sense
Can't remember, can't forget
I thought I needed something real
I'm obsessed with something else

Hoped that you could understand
Regret the words, not how I felt
Do you think you like me now?
'Cause sometimes I don't like myself

Do you like me now?
Do you like me now?
Do you like me now?
Do you like me now?

Do you like me now?
Do you like me now?
Do you like me now?
Do you like me now?

Do you like me now?
Do you like me now?
