

Dream Eater

OmenXIII

Omen

I can't escape so I cut to escape
Am I insane, am I crazy
They gave me dreams so
They can take them away
Am I in chains, am I insane
I cannot stay so I cut to escape it

I do what I want so I do not behave
I eat and I sleep both repeat every day
While you worry 'bout money I'm worried 'bout getting some food
in my stomach
Can't go to sleep hungry
Omen approachin that's me and you know it
I'm gonna make it I know that you know it
What did you make out of life just a book shit
This world is so crazy it's driving me crazy
I've wasted the shadows
I can't seem to Hate
You still making mistakes
I don't give a fuck if you real or you fake
Get out of my way
Get the fuck out my face

Smile, and your friends
Will leave a knife in your back
Smile, and your friends
Will leave a knife in your back
Smile, and your friends
Will leave a knife in your back
Smile, and your friends
Will leave a knife in your back
