

Everything was dead, 'til I walked in the door  
Bitch we 'bout to smoke, So I'ma pour some more  
I be smoking bleezy's, these things make me sleepy  
My drugs drip for sure, so I don't sleep no more

I keep one eye open, I keep one eye closed  
I keep one eye open, I keep one eye closed  
I keep one eye open, I keep one eye closed  
I keep one eye open, I keep one eye closed

Everything was dead (R.I.P!), 'til I walked in the door (Bitch,  
it's me!)

Bitch we 'bout to smoke (Okay!), so I'ma pour some more (Okay!)  
I be smoking bleezy's (I do!), these things make me sleepy (The  
y do!)

My drugs drip for sure (They do!), so I don't sleep no more (I  
don't!)

People lie to me (They do!), and act like I don't see (I do!)  
I don't let them know (Shh), I just let them think (I do!)  
I'ma keep you close (What's up?), cause you're my enemy (What's  
up?)

I can't never fold (No, no), cause then they know I know (No, n  
o!)

I keep one eye open (Shh), I keep one eye closed (Okay!)  
When I'm doing business (Okay!), and even when I smoke (Okay!)  
I keep one eye open (Shh), I keep one eye closed (Okay!)  
Sometimes a foe's a friend (What's up?), sometimes a friend's a  
foe (What's up?)

I keep one eye open (Shh), I keep one eye closed (Okay!)  
When I'm doing business (Okay!), and even when I smoke (Okay!)  
I keep one eye open (Shh), I keep one eye closed (Okay!)  
Sometimes a foe's a friend (What's up?), sometimes a friend's a  
foe (What's up?)
