

## Frozen

OmenXIII

I'm frozen  
Smoked out, I'm a ghost now  
Round town words out XIII do the most now  
Trunk thump when we roll out  
Bump subs til they blow out, glass shakin, woah now  
Slow down, if you really think that you can fuck with anything  
I'm doin  
You've got somethings to think about before you even try to move in  
Grooving fluent, you're the student, I'm the truant pushing units  
We're consuming the pollution that the humans left behind for their own kind  
Only proving that we really aren't so kind  
Rewind, like it's 2009 studded belt on my waist while I'm sipping red wine  
Blades and them knives in my pockets I don't fuck with problems  
bitch what's the commotion  
Ain't got no ice on my body but obviously because my soul is frozen

I'm frozen  
I'm frozen  
I'm frozen  
I'm frozen  
I'm frozen  
I'm frozen  
I'm froze  
I'm frozen  
I'm froze  
I'm frozen  
I'm frozen  
I'm frozen  
I'm frozen  
I'm frozen  
I'm frozen  
I'm frozen  
I'm frozen  
I'm frozen  
I'm frozen  
I'm frozen  
I'm froze  
I'm fro-
