

# Genetic Mutation

OmenXIII

I had to get up in the morning but it's hard for me to sleep  
Every night I'm tryna get my head right  
Lately all I feel is anger  
People tell me how to hide it  
When I'm ill I'm feelin' nothin else inside me  
They know I don't give a fuck and I ain't tryin  
Everybody wanna hide it I'm the one that gotta write it  
All my brothers keepin' secrets  
Just can't let that come between us  
Hit the plug and then we re-up  
I ain't lyin'  
I know they love it when they see it  
Couldn't sleep, was never dreamin'  
I made life a buzz down  
All the thoughts in my mind run me down  
Somehow others wanna be like one of us now  
Still

You can't even have my back if you can't tell me what's real  
Could give a fuck about the world  
Could give a fuck bout how you feel  
You can't even have my back if you can't tell me what's real  
Could give a fuck about the world  
Could give a fuck 'bout how you feel

I'm the alchemist, thoughts turn to cash, bad intentions turn to bloodshed  
Still  
Got them blades 'round the house you run up in here turn that white tee in t  
o blood red

Still

Red star always runnin thru the darkness  
All my brothers turn a vessel to a carcass  
We had some struggles wasting no life in apartments  
You fuck around I'll prove your life ain't really hard yet  
Your'e heartless, far from it, a  
I'll blow sides double x through the darkness  
I'll-tempered in the flames of my own stress  
I'm not afraid of the snakes that don't know shit  
I shut my eyes and ears and focus on my sixth sense  
I grit my teeth and bite the bullet like a reflex  
I was made for this  
But I wasn't born for shit  
If you come for me I hope that you kill me bitch  
I'm going ghost, special ops, I can't stress a clip  
I'm smokin dope, not too often I extend the zip  
I crack the code  
Collect that intel  
Then I cop the whip  
You fuck around with the hacker then you disappear

Are you having fun yet?  
Are you having fun yet?  
Are you having fun yet?  
Are you having fun yet?

I know they love it when they see it  
Couldn't sleep, was never dreamin'  
I made life a buzz down  
All the thoughts in my mind run me down  
Somehow others wanna be like one of us now
