

Hocus Pocus

OmenXIII

You cannot compare to me, you step up, get knocked back, my G
You cannot be seen with me, I duck into these shadow streets
Mad because I damage all the structure that beneath my feet
Omen, King Of Demons, causing casualties so casually
From the depths I came and went, now I got sacks and racks and checks
Now I got bitches on my dick but keep these rappers off my dick
Money always coming in now so I never need to stress
Now I just flex on everybody that ever told me to call the quits
Oh, you think you with the shits? See, momma never raised no bitch
She told me "get it how you live," so I got it like I do
Flawlessly fatalitizing just like that Sub Zero dude
I know you think I'm fucking wack, you know I'm still not hearing you
I'm riding through the sky, that just means I'm getting high, aye
Rolling high, that Paypal piling, misfits riding every night
Colorblind to black and white, I don't have a simple mind
OmenXIII is the Reaper, take your life and make it mine

Never fit in, but I never did care
Twist my sticks when the honey leaf tear
Bang my head, let it shake my hair
When that bass go bang and the crowd in the air
Never fit in, but I never did care
Twist my sticks when the honey leaf tear
Bang my head, let it shake my hair
When that bass go bang and the crowd in the air

Catch me riding, sliding, rolling, smoking, just like that
I'm high, I'm flying, hocus pocus, just like that
I'm riding, sliding, rolling, smoking, just like that
I'm high, I'm flying, hocus pocus, just like that
Just like that, just like that
Just like that, just like that
Just like that, just like that
Just like that, just like that
