

Hurt

OmenXIII

Death take me, tuck me in
I don't ever wanna breathe again
If I die will I wake up, wake up?
If I die would that make up for everything I've done?

I'm counting my blessings one by one, but I hate this place
I hate my kin, I hate this race that nobody can win
Why do I hate so much?
Why does it hurt to love?

Death take me, tuck me in
I don't ever wanna breathe again
If I die will I wake up, wake up?
If I die would that make up for everything I've done?
