

Ice

OmenXIII

Got that ice, caught that wine
What you need? I need time
I've been stressed, I need cash
Is that vodka, I need that
Pour it fast, sip it slow
Take my blade, scrape your bones
Take your life, take your soul
I need that, give me more

Got that ice, caught that wine
What you need? I need time
I'm okay, I'm alright
What you need? I'll be fine

Got that ice, caught that wine
What you need? I need time
I'm okay, I'm alright
What you need? I'll be fine
