

If Everybody Has Diamonds What Are They Worth

OmenXIII

You wanna speak, but no one listens
You wanna breathe, don't think you're living
Don't say a word, just hold it in
'Cause what you give
Is what you get
I see your eyes
I see the hate
I see the lies
I see the pain
You gotta move
You gotta run
You gotta choose
You gotta trust
Gotta rush through
Ride, slide
Push the metal, fly by
Break the pedal, raise the stakes
I'm vacant with my eyes wide
Hair black, nails black
Shirt black, jeans black
Love black, hate black
Every single thing, black
School was black, work is black
Past was black, future's black
I felt that rage, I'm through with that
I felt that pain, I'm through with that
It doesn't matter
Nothing matters
It doesn't matter
Nothing matters

I see you hurt
I see you bleeding
Don't know your worth
Don't know the reason
Just say a word
Don't hold it in
'Cause what you give
Is what you get

'Cause what you give
Is what you get
'Cause what you give
Is what you get
'Cause what you give
Is what you get
'Cause what you give
Is what you get
