

Mayhem

OmenXIII

This the underground, bitch, real underground shit
Hold it down, if you ain't down, move around, bitch
Purpose in my circuits, so I'm workin'
Hurt shit, just to earn shit, so I lurk, bitch
I can't take it, all the fake shit, what's the deal, bitch?
Fantasize, you just fantasize, what I live, bitch
Genocide, this a genocide, pull the kill switch
Mayhem, I'ma bring the mayhem, kill shit

I been riding round on 2 wheels, maneuverin through the shadows
It's a battle even finding enthusiasm to handle
Cause my enemies are not even worthy to speak of me
So when they try to step to me, I make sure I bring all the amm
o
Yeah, I still know they hate, yeah, I still got the blade
They can talk a lot of shit, but they can't say it to my face
You know I don't count the days, I don't sit around and wait
Because life keeps on revolving, evolving in many ways

I be smoking on whatever, whenever I need to do it
I stay busy, I sip liquor, it helps me to just get through it
I could talk about the cash but whatever, the money movin'
What the fuck you gonna do to stop me from still gettin' to it?
You ain't about shit, you ain't finna do shit
You don't really live this, but we really doin' it, huh
You ain't bout shit, you ain't finna do shit
You don't really live this, but we really doin' it, bitch boy

This the underground bitch, real underground shit
Hold it down, if you ain't down, move around, bitch
Purpose in my circuits, so I'm workin'
Hurt shit, just to earn shit, so I lurk, bitch
I can't take it, all the fake shit, what's the deal, bitch?
Fantasize, you just fantasize, what I live, bitch
Genocide, this a genocide, pull the kill switch
Mayhem, I'ma bring the mayhem, kill shit
