

Meet Me In The Afterlife

OmenXIII

This is one thing that unfortunately humanity is not doing. The y're trying to become capable of something. Do not try to become capable of something, just enhance your perception and intelligence, whatever comes your way... Right now, let us say... it's like this, you know, this is happening in the world all the time

Where were you when I was falling down?
I looked around and you weren't there to catch me
Like you said you would be
Now it's up to me, yea now it's up to me
It's time to spread my wings
It's time to find the belief in myself
I don't need help, I don't need you
I don't want to
Where are you, where are you?
Where are you?
The reaper's holding me, where are you?
Where are you? Where are you? Cause he won't
Let me go, where were you when I was falling down?
I looked around and you weren't there to catch me
Like you said you would be, so now it's up to me
Now it's up to me
