

Never Alone

OmenXIII

He's a psychopath
Psychopaths get bored

You say that you're depressed, I don't know who you were fooling
I can see right through you and I see you've never been through it
And you said you've slit your wrists so what's the hold up, get to it
I can't stand a bitch like you who thinks it's cool to allude it
I don't understand why you would ever say that shit jokingly
Looking for some edgy punchlines just end up looking clueless
You're a pussy wannabe using my pain as some imagery
I've got tallies down my forearm if you want me to prove it

I'm getting so restless
All of a sudden I'm getting so restless
Where is the checklist?
Have I done all that I needed to do before I go and follow my deathwish, hell
pless
All of the time
Even if I had all of the time
Even if I had all of the time
Would I ever have enough to bring some meaning to my simple life?

Bitch, wait let me get this straight (What)
Bitch, man talking 'bout self-hate
Don't lie, know your life just great
Quit making mixtapes, sit down, need a stay (Lil bitch)
You fake every word you say
Every word you say so fake
It make me shake, it make me quake
I wanna hit you in your- (Yeah, motherfucker)
Who we, who we? (Who we)
Not XIII, not Lil Peep (Not me)
We keep that blade in the
Back pocket of our jeans (My jeans)
There's something haunting me
It wants to watch me bleed (Bleed)
It wants my body rotting slowly in a hollow tree
Follow me, take you to the place that you don't wanna be
You talk about it all the time
I'm living in it constantly
There is no escape
This is way more than a fucking scene
What the fuck's a scene
You're just a bunch of actors playing me

I'm looking in my mind
Not so sure what I see
Floating through a tunnel taking me from life to a dream
What's the difference
What's the difference
What the fuck does it mean?
I can't close my eyes and I keep hearing things in my sleep
Am I even sleeping?
Seeping through the cracks in-between
Now I'm talking to myself and myself's talking back to me
You can never be alone and that's the scariest thing
Me and me getting to know each other's such a relief

I'm getting so restless
All of a sudden I'm getting so restless
Where is the checklist?
Have I done all that I needed to do before I go and follow my deathwish, helpless
All of the time
Even if I had all of the time
Even if I had all of the time
Would I ever have enough to bring some meaning to my simple life?
