

Not The Same

OmenXIII

Yeah I know that I'm crazy, you'll never know what it's like to
be me
Eternally struggling internally with every single breathe I take
e
Should I end my life today?
Or should I live in silence because I have nothing nice to say
I won't die beside them 'cause they wouldn't do the same for me
(Yeah!)
They wouldn't do the same for me

We're not the same, we're not the same
We're not the same, we're not the same
We're not the same, we're not the same
We're not the same, we're not the same

I've been conceived in a seperate dimension, oh, so far way from
what the eye can see
I am the wolf and you are but a sheep
We're not the same but you pretend to be
I'm the black mage with a bitch in a wood cage, feeding her bones of the people I hate
That I once tried to save but I could not relate
To the their level of fake and the way that you breathe
I'm another way than your way now go away
All I wanna do is mangle my brain
Pick it apart and feed the parts to a young mage
Dying to be what they think me to be (Oh)
I'm young and I don't know shit
I'm young and I don't know shit
I'm a fuck up with a face tat but I live life like I'm on Cloud

We're not the same (We're not the same)
We're not the same (We're not the same)
We're not the same (We're not the same)
We're not the same (We're not the same)
