

I've come here wasted and with selfish, saddened things  
So that they'd de-arrange the shadows of my name  
Unfazed that I'm (Unfazed that I'm)  
Unfazed (Unfazed)  
Unveiled that I (Unveiled that I)  
Unveiled (Unveiled)

Riding 'round with the blunt lit, no clip  
Just the butterfly blade on my, hip  
City lights flash as I take a hit  
Now they on my dick like, ohhhh  
But they said I wouldn't make it, nooo  
Now every day I'm faded, ohhhh  
I don't wanna be famous, nooooo  
I just wanna stay jaded, ohhhh

Now everybody hate me, ohhhh  
Now everybody hate me, ohhhh  
Now everybody hate me, ohhhh  
Now everybody hate me, ohhhh  
Now everybody hate me, ohhhh  
Now everybody hate me, ohhhh  
Now everybody hate me, ohhhh  
Now everybody hate me, ohhhh

Riding 'round with the blunt lit, no clip
