

Off The Chain

OmenXIII

No, no, you can't hold me back
No, no, you can't hold me back

Cash rule the world, it's a cruel world, bitch, yeah
Cash rule the world, it's a cruel world, bitch, yeah
Ice rule the world, it's a cold world, bitch, yeah
Ice rule the world, it's a cold world, bitch

I can't fuck with you if you gon' hold me back
I can't love a bitch, if she can't love me back
I'm on the move while they still livin' the past
Can I tell the truth, or will it make you mad?

Independent, yeah, I'm really off the chain
They said they won't change, but they might do it for the fame
I know they want my bag, they want my plate
So I'm focused on a bag that they can't take

I tried to teach them right, but they still actin' wrong
They tried to show me the light, but I stayed in the dark
I had to get my own spot light
Now I can see they on the wrong side

Yeah, yeah, RSG the fuckin' gang
They can imitate the ocean, they can't recreate the wave
If we see you and it's fake then we gon' knock you off the game
You can ask the ones that know the history, I've taken names
We don't fuck with lames

I can't fuck with you if you gon' hold me back
I can't love a bitch, if she can't love me back
I'm on the move while they still livin' the past
Can I tell the truth, or will it make you mad?

I know you a bitch, 'cause you can't keep up
I'm fuckin' yo bitch, 'cause you can't keep up
I'm mindin' my business, you should take notes
'Cause I'll get a bag, and you gon' stay broke

You stuck in your ways, that's why you can't change
So stay in yo lane, we still ain't the same
The ops look at me like I gang bang
My shawtys see me like an angel

Cash rule the world, it's a cruel world, bitch, yeah
Cash rule the world, it's a cruel world, bitch, yeah
Ice rule the world, it's a cold world, bitch, yeah
Ice rule the world, it's a cold world, bitch

I can't fuck with you if you gon' hold me back
I can't love a bitch, if she can't love me back
I'm on the move while they still livin' the past
Can I tell the truth, or will it make you mad?
